

Tree Planting Incentive Program Species List

Deciduous trees must be between 1.5 - 3" caliper (trunk diameter)

Evergreen trees must be between 5 - 7' in height.

To receive reimbursement, trees will be inspected 3 months from planting date. After the 3 months have passed, call the Village Resolution Center to request inspection: (847) 724-1700.

If you have any concerns or questions please call the Village Resolution Center at (847) 724-1700

The following is a list of eligible tree species. Other species not listed may be planted **ONLY** with prior approval. If planting on the parkway (public right of way), size and species requirements will be different – please contact the Resolution Center. (N) denotes a species native to Illinois.
