

The Village of Glenview Report

glenview.il.us

November/December 2016

Village preps for winter season challenges

When it comes to dealing with the challenges of winter, the Public Works Department has been working ahead to be prepared before the first snowflake falls.

The Village finished the 2015-16 winter season with about 1,000 tons of salt on hand. The salt is applied to Village roadways to improve traveling conditions when snow or ice begins to accumulate. The amount of rock salt used each winter season varies depending on weather conditions. The Village's two salt domes are capable of holding up to 3,000 tons of rock salt combined, and other areas are available for storage.

For the 2016-17 winter season, the Village Board in September authorized buying up to 3,600 tons of salt through the state of Illinois' rock salt joint purchasing program. The Village was also to receive 1,000 tons of salt from its contract with Lake County, approved by the Village Board in June.

The Public Works Department is responsible for removing snow and ice accumulations from the Village's 140 miles of roadway and 272 cul-de-sac, as well as 13.6 miles of sidewalk and 18 parking lots or paved areas serving Village Hall, the five fire stations, the central business district, The Glen Town Center, and two commuter train stations. Snow and ice are removed from curb to curb down to bare pavement.

Who plows which street?

See page 4.

To get the work done, the Village has been divided into 12 sections of roughly 10 miles each. In addition to Public Works crews, two contracting services are used to clear the Glen Town Center parking lots and some residential streets.

The Village plows snow and spreads salt first on arterial and collector roads on a priority basis, depending on traffic, volume, and safety considerations. Plowing operations are initiated after one to two inches of snow have fallen, or sooner if weather conditions warrant. During heavy snowfalls, plows may make as many as four passes to keep roads clear.

Pass the salt

Here's how much rock salt was purchased and used over the last three winters.

Season	Salt received (tons)	Salt used (tons)	# of salting operations	# of plowing operations
2013-14	5,000	5,997	30	18
2014-15	6,000	4,370	23	15
2015-16	5,500	3,865	25	5

To make it easier for plows to remove ice and snow, on-street parking is prohibited within Glenview's corporate limits from 2 to 6 a.m. between December 1 and March 31. There are two exceptions:

- Residents whose homes have no off-street parking may park overnight on Village streets with a permit obtained from the Police Department. But if snow is forecast, residents with such permits are encouraged to find off-street parking for their vehicles to enable plows to get through.
- Non-residents can obtain verbal permission to park vehicles on streets overnight by calling the Police Department and providing the vehicle's license plate number, the state of registration, the address at which the vehicle will be parked,

DONATE TO TOYS FOR TOTS

Drop off new, unwrapped toys through December 16 at Village Hall, all Fire Stations and the Police Department.

Recycle holiday string lights

Dispose of unwanted holiday lights the environmentally responsible way. Beginning November 28, residents can drop off holiday lights for recycling at the Public Works Department, at the northeast corner of East Lake Avenue and Shermer Road, through February 24, 2017. A marked receptacle will be placed outside the center at curbside for collection.

All string lighting and extension cords are acceptable for recycling. Garland, live greens, wreaths and other non-recyclables are not accepted.

The Solid Waste Agency of Northern Cook County and the Village of Glenview have partnered with Elgin Recycling Inc. to take the lights and cords. The strands are separated, baled, and sent to be chopped or shredded and sold as a commodity to foundries and mills in the United States. Call the Public Works Department at (847) 657-3030 with questions.

FAQs about curbside recycling

Can #6 polystyrene plastic be put in the recycling bin?

At this time, municipal curbside recycling programs do not accept #6 PS plastics, known as polystyrene. It comes in two forms – expanded (fluffy and white) and rigid (clear). This plastic can cost up to 300 percent more than other commodities to recycle due to its lightweight nature, lack of market competition, and high transportation costs.

Can package stating it is recyclable go in the bin?

Just because packaging claims to be recyclable doesn't mean that it can be added to the municipal recycling program. What it means is the product or packaging is technically able to be recycled, but the key is whether or not there is a market for that material, which dictates the community recycling program.

Voting information

Glenview Village Hall, 2500 East Lake Avenue, is serving as an early election polling place through November 7 for the November 8 Presidential Election:

- 9 a.m. to 7 p.m. through November 4
- 9 a.m. to 3 p.m. November 6
- 9 a.m. to 5 p.m. November 5 and 7

Village Hall is NOT a polling place on Election Day. To find your precinct's, go online to: cookcountyclerk.com/elections/pollinglocations/Pages/default.aspx

Here are the November notifications of major speed radar "hot spots" and stop sign/traffic light enforcement. At these locations, chosen in part based on resident requests for selective enforcement, Glenview police officers this month will monitor the areas for recurring traffic violations on an as-available basis. The goal is to promote safe driving in Glenview. Selective enforcement request forms can be found on our website at glenview.il.us in the "How do I?" drop-down box.

Radar "hot spots"

400 block Crabtree Lane • Independence Avenue from Patriot Boulevard to Thistle Road • 900 block Linden Avenue • 1700 block Elmdale Avenue • 3900 Crestwood Drive • Larch Avenue from Maple Lane to Magnolia Street • Annapolis Drive

Stop sign enforcement

Thornwood Lane/Longmeadow Drive • Glendale Drive/Knollwood Lane

This month in history

100 years ago – December 6, 1916

The Village Board of Trustees agreed to sell bonds to purchase and erect an elevated steel water tank and tower and machinery necessary to pump water for fire protection and domestic use.

75 years ago – November 21, 1941

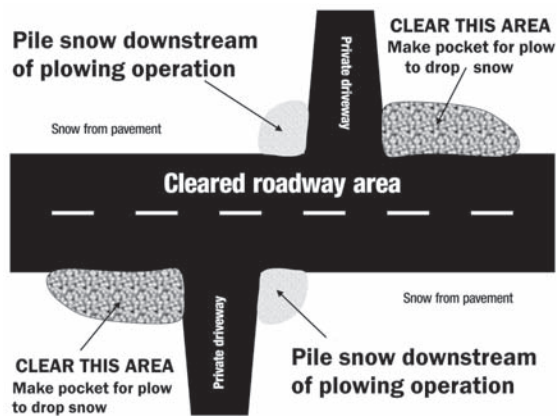

The Village Board of Trustees established a commercial district, where a building height could not exceed the width of the street it faced nor occupy more than 90 percent of the lot area.

65 years ago – December 7, 1951

When setting the cost of vehicle stickers, the Village Board of Trustees eliminated the fee for horse-drawn vehicles.

40 years ago – November 13, 1976

More than 3,500 people were inoculated for swine flu at the Glenview Playdium, and nearly 2,830 more received vaccine shots two days later at the Naval Air Station Glenview.

Parkway snow clearing tips

- Snow generally rolls off the snow plow's edge and into an already-shoveled driveway. So push snow in the direction of traffic (as you face the street) when you clear a driveway so that it will be "downstream" of plows (see chart above).
- Pushing snow from your driveway into the street is prohibited by Village ordinance.
- Residents are responsible for ensuring that refuse containers are accessible. To keep plows from hitting garbage cans, place them on the curb, not in the street.
- Keep fire hydrants on or near your property clear of snow for easy access in case of an emergency.
- Never use your hand to clear a clog in a snow blower, even if the machine is unplugged. Instead, use a broom handle.
- Never use ice picks on driveways or sidewalks, as surfaces can be damaged.

Winter prep *from page 1*

and the time span for which permission is sought. Permission typically won't be granted, however, if snow is expected.

After a heavy snow, the Village will also clear all major arterial sidewalks after roadways have been cleared. Sidewalks that will be plowed include those along Harlem Avenue, Waukegan Road, Shermer Road and Patriot Boulevard. The Village, however, does not clear sidewalks along residential streets. Residents or property owners are responsible for shoveling walks along parkways adjacent to their properties.

Happy holidays

Village Hall will be closed Thursday and Friday, November 24 and 25; Monday, December 26; and Monday, January 2.

From the Village President

Some Glenview residents may not realize how many different governments provide them services. Besides federal, state, and county governments, they are served by an elementary, a high school and a community college district; a park district; a public library; and a township -- each with its own elected governing board.

Glenview is fortunate that these local governments communicate with one another, and seek out opportunities to deliver traditional services in the most efficient and economical ways possible.

One such opportunity will help address historic flooding issues in the Bonnie Glen neighborhood. Glenview School District 34 and the Village are partnering on a flood relief project that is expected to mitigate roadway and private property flooding that impacts about 340 parcels.

The Village will design and construct an underground water detention system under the south field at Lyon School, 1335 Waukegan Road. The detention chamber -- about the size of a 5-foot-deep football field -- will hold 5 acre-feet of water, storing stormwater that is redirected away from the neighborhood and the often-flooded southeast corner of East Lake Avenue and Waukegan Road.

The flood control work also provides an opportunity to redesign and expand the Lyon School parking lot, so that it will be safer and better support traffic flow during school drop-off and pick-up times.

Staffs of District 34 and the Village began discussions this summer to see if there was a way to achieve area flood relief benefits, then worked together to find the best location for the underground detention facility. The Board of Education and Village Board of Trustees each signed an easement agreement that sets out maintenance responsibilities, cost sharing, and a construction schedule.

This kind of cross-boundary collaboration is still considered non-traditional in the larger government sector. In Glenview, it is fast becoming the norm for finding feasible solutions, providing streamlined services, and saving taxpayers money.

The Village and the Glenview Park District have worked cooperatively on many projects in the last several years, including a stormwater management project at the Glenview Park Golf Club and installation of a lift station and backup generator in Cunliff Park that was part of a major east side flood relief project.

As well, Glenview has been a leader in the now 6-year-old Municipal Partnering Initiative, which brings together municipalities to jointly purchase goods and services.

The Village will continue to seek creative ways to work with other local governments to deliver better services at lower costs, so that this kind of cooperation is not just a trend but the standard.

Jim Patterson

Winter road maintenance: Who plows what?

The Village of Glenview is responsible for keeping Village-owned streets clear, but many of the roadways through Glenview are maintained by the State of Illinois or Cook County, and those governments are responsible for keeping them clear:

Major roads maintained by ...		
Village of Glenview (847) 657-3030	Illinois Department of Transportation (847) 705-4227	Cook County Highway Department (847) 827-1164
Central Road – Harlem Avenue to Huber Lane	Central Road – Huber Lane to I-294	East Lake Avenue – Pfungsten Road to Edens Expressway
Chestnut Avenue	Dearlove Road – Central Road to Milwaukee Avenue	Harms Road – East Lake Avenue to south Village limit
Glenview Road – east Village limit to Milwaukee Avenue	Greenwood Road – West Lake Avenue to Golf Road	Landwehr Road – East Lake Avenue to Willow Road
Harlem Avenue – Golf Road to Prairie Street	Milwaukee Avenue	Sanders Road – Milwaukee Avenue to I-294
Lehigh Avenue – Prairie Street to Patriot Boulevard	Pfungsten Road – East Lake Avenue to Willow Road	Sunset Ridge Road – East Lake Avenue to Winnetka Road
Patriot Boulevard	Shermer Road – Old Willow Road to Willow Road	Wagner Road – Glenview Road to Winnetka Road
Shermer Road – Golf Road to East Lake Avenue; West Lake Avenue to Old Willow Road	Waukegan Road – Golf Road to Willow Road	West Lake Avenue – Pfungsten Road to River Road
West Lake Avenue – Greenwood Road to Lehigh Avenue	West Lake Avenue – Pfungsten Road to Greenwood Road	Winnetka Road – Waukegan Road to east Village limit
	Willow Road	

Snow plowing Q & A

Why don't plows clear the whole street right away?

Drivers make a preliminary pass to open up the street. Final curb-to-curb clearing occurs after it stops snowing.

How long does it take to plow a route?

Depending on the type or amount of snowfall, it can take six to eight hours to clear 10 miles of streets, the typical route.

What if a snow plow damages my property?

If Village or Village-contracted plows damage public parkway or private property in front of your home, contact the

Resolution Center at (847) 724-1700. Damaged grass will be repaired with dirt and seed in the spring. The Village will repair or replace mailboxes struck by plows with a standard mailbox and 4-inch-by-4-inch pole. If a decorative mailbox has been damaged, the Village will reimburse residents for the equivalent of a standard mailbox installation (about \$30), and it is then the resident's responsibility to purchase and install the replacement decorative mailbox and post. The Village does not replace mailboxes damaged by snow thrown by plows.

Holiday symbol display area set

The Village of Glenview each holiday season sets up a temporary public forum area in front of Village Hall for the display of religious and nonreligious symbols erected and paid for by private individuals and groups. With the move to the Glenview Municipal Center at 2500 East Lake Avenue, the display has also been moved to an area along East Lake Avenue. Symbols can be displayed between November 15 and January 7, 2017 in five spaces.

Individuals and groups wishing to put up a display in the public forum must complete and submit an application to the Village Manager's Office before January 3, 2017. Call (847) 904-4370 for more information.

Input sought on Amtrak rail service plans

Public comments can be submitted through November 15 on the environmental impacts of an Amtrak proposal to expand service on the Hiawatha line between Chicago and Milwaukee. The draft Environmental Assessment report is available online at <http://wisconsin.gov/Pages/projects/multimodal/rail-chi-mil/documents.aspx>, and a hard copy is available at the Glenview Public Library, 1930 Glenview Road.

Increasing Amtrak's Hiawatha service from seven to 10 round trips daily would impact not only the tracks Amtrak shares with Metra east of Harlem Road/Lehigh Avenue, but also the Union Pacific tracks through west Glenview that cross West Lake Avenue, Shermer Road and Willow Road.

To accommodate the additional Amtrak trains on the Metra tracks and alleviate existing service delays, the plan calls for holding freight trains on a new 2-mile track to be built adjacent to the Union Pacific tracks from about West Lake Avenue to past Willow Road in west Glenview. The new holding track would allow a freight train to be parked and idling until it is assured clear track through the Union Pacific tracks. The new single track would be supported by a 10-foot to 20-foot tall retaining wall, require modifications

The red line indicates where the proposed holding track would be constructed along the Union Pacific tracks, from West Lake Avenue to north of Willow Road.

to the West Lake Avenue at-grade crossing, and require a new bridge be built next to the recently-constructed replacement Shermer Road railroad viaduct.

As well, a new switch and universal crossover would be installed on Metra's Milwaukee District North tracks south of Dewes Street.

The draft Environmental Assessment released October 6 by the Illinois and Wisconsin departments of transportation found no significant environmental impacts.

The agencies scheduled a public involvement meeting for comments from 5 to 8 p.m. Wednesday, November 2, at Park Center, 2400 Chestnut Avenue. Comments and suggestions can also be submitted:

- by telephone to (608) 261-6123
- by email to DOTChicagoMilwaukeePassengerRailEA@dot.wi.gov
- on the project website at <http://chi-milwrailstudy.wi.gov>

Check the Village website for more information and background at glenview.il.us/Pages/Hiawatha.aspx.

Keep leaves off the street

The Village of Glenview reminds residents that it does NOT offer a free leaf collection program. So please do not rake or blow leaves into the street. Debris left in the street may cause stormwater to back up if sewers and inlets get blocked or clogged. The Municipal Code prohibits any deposits on public streets that could obstruct drainage.

Leaves are considered landscape waste. Compost or bag them for pickup by Groot. Groot requires either a seasonal yard waste subscription or a sticker on each 30-gallon bag. Stickers are \$3.13 each and can be purchased at Village Hall or various businesses around Glenview. During November there is no limit to the number of bags of leaves that can be put out by either seasonal yard waste subscribers or residents using stickers.

Save the date

Welcome to town

Caregivers' day of celebration

The North Shore Senior Center's eighth annual celebration of National Caregiver Month to honor family caregivers is 2 to 4 p.m. Thursday, November 10, at Niles Senior and Family Services, 7900-A Milwaukee Avenue, Niles. The film "Prescription for Caregivers: Take Care of Yourself," will be shown and discussed, and refreshments will be served. RSVP by November 7 to Laretta at (847) 424-5661 or lhart@nssc.org, or Heather at (847) 784-6041 or hresnick@nssc.org.

Veterans Day honors their service

The Village of Glenview will honor the service and sacrifice of our nation's veterans with a Veterans Day observance at 11 a.m. Friday, November 11, at the Veteran's Memorial in downtown Glenview, at the corner of Glenview Road and River Drive. Sponsored by Joseph M. Sesterhenn American Legion Post 166, the event will include speeches and a rifle salute.

Parade kicks off holiday season

Join the Glenview Chamber of Commerce to get the holiday season started with the 22nd annual Holiday in the Park and Parade. The parade starts at 4 p.m. Saturday, November 26, on Glenview Road and heads to Jackman Park. Festivities in the park include a visit with Santa, hay rides, a mini-train ride for kids, carolers, refreshments, and a tree lighting.

Growth spurs special census

Since the 2010 U.S. Census, Glenview's population has grown by about 1,800, with the addition of single- and multifamily homes, condominiums and apartments through redevelopment. While these new residents are receiving Village services, the Village is not capturing increased revenue shares from the state of Illinois because the state reimburses the Village for income tax, use tax, and motor fuel tax based on the population of the 2010 Census.

The Village Board of Trustees in October authorized an agreement with the U.S. Census Bureau for a Special Census in five areas of the Village that have seen the most recent development. By participating in a Special Census, the Village has the opportunity to increase per capita revenue shares from the state without waiting for the results of the 2020 Census that will be published in 2021.

The Village projects it would see an estimated revenue increase of \$276,120 annually, or \$966,420 over five years. That would more than offset the \$113,302 cost to undertake the Special Census, which will be done in 2017.

These businesses recently opened their doors or changed names or locations in Glenview:

Masala Grocery
9711 Milwaukee Avenue
traditional Indian market

Koko Fit Club
954 Harlem Avenue
digital gym

Burglary a crime of opportunity

As daytimes shorten, especially after Daylight Saving Time ends November 6, the cover of darkness creates more opportunities for criminals. And as residents gear up for the holiday season, valuable items often get stored inside homes and vehicles. To avoid becoming a burglary victim, the Glenview Police Department suggests you take these precautions.

At home:

- Always secure doors and windows with good quality locks.
- Use lighting and noise, like a television or radio, in different areas of the home to create the appearance that the home is occupied.
- Keep valuables in locations that you would not expect to find them – not the master bedroom.
- Keep entry ways well lit and visible to neighbors.
- Use motion-sensor lighting around the perimeter of the home.
- Alert trusted friends or neighbors if you will be away from home for an extended period of time. A vacation watch by Glenview Police can be requested online at glenview.il.us in the "How do I?" box.

Your vehicle:

- Don't leave valuable items in your car overnight. If you must, keep them out of view by locking them in a glove box, center console, or trunk.
- Lock the doors. Don't rely on pressing the automatic lock on your key ring without verifying the doors are locked.
- Don't leave the garage door opener or key fob in a car parked in the driveway overnight.

Village Board in brief

The Village Board of Trustees met October 4 and 18. Here is a summary of actions taken:

◆ Approved a final site plan review and preliminary subdivision to allow for the demolition of an existing single-family residence at 811 Railroad Avenue and construction of a new four-unit multifamily residential building. The Village Board had previously approved the project, but the applicant failed to obtain a permit prior to the expiration of the original ordinance.

◆ Authorized a one-year contract extension for snow and ice removal services during the 2016-17 winter season with Wayne Endre Contracting of Wilmette for a total \$393,750 for five of 12 residential sections.

◆ Authorized separate three-year contracts for snow and ice removal services with Langton Snow Solutions of Woodstock for \$656,080; Wayne Endre Contracting of Wilmette for \$567,000; and Tovar Snow Professionals of East Dundee for \$332,115.

◆ Approved a plat of subdivision for the creation of two lots of record and subsequent demolition of an existing residence and construction of two new single-family detached residences at 401 Warren Road.

◆ Authorized a contract with Boller Construction Co. of Waukegan for

renovations of the Kiss and Ride area at the downtown Metra station for a total \$185,760, to fix the slope on the north-east side and install railings.

◆ Certified an Illinois Department of Transportation form authorizing appropriation of \$1 million in Surface Transportation Program federal funds for the Harlem Avenue improvement project scheduled in 2017.

◆ Approved an economic development incentive for 301 Waukegan Road, which has been vacant since 2014, with a partnership of Golf Mill Motor Sales and Hawk Auto Group to locate authorized auto dealerships for McLaren, Aston Martin and Lotus there.

◆ Waived the administrative rules and approved on first reading issuance of \$18.41 million of general obligation refunding bonds to refund bonds issued in 2009 for construction of the Glenview Public Library and storm sewers to take advantage of reduced interest rates in today's market and achieve an estimated \$1.2 million in cost savings over the remaining payment schedule.

◆ Authorized a change of owner for a Class B liquor license at Thai Inbox, 1417 Waukegan Road, which permits the sale of beer and wine for consump-

tion on the premises where food is served.

◆ Provided direction concerning amending the fireworks approval process to an administrative approval process for small displays not requiring road closures, instead of requiring Village Board action.

◆ Approved a conditional use and final site plan review to allow construction of an addition to an existing livestock shed and a children's playground and educational exhibit as accessory uses to the existing operations at Wagner Farm, 1510 Wagner Road.

◆ Entered into an easement agreement with Glenview School District 34 to complete stormwater detention and parking lot improvements at Lyon School, 1335 Waukegan Road, benefiting the Bonnie Glen neighborhood and District 34 (see page 3).

◆ Approved a resolution in opposition to expansion plans being considering for the Chicago-Milwaukee Intercity Passenger Rail Corridor (Amtrak's Hiawatha line).

The winners of the 21st annual poster and video contest were recognized October 18 by the Village Board of Trustees. The contest was held in conjunction with National CHARACTER COUNTS! Week, which was October 16-22.

This year, more than 600 posters and 100 videos were submitted by students attending seven schools. Students were asked to create original artwork or a video related to one or more of the Six Pillars of Character, which are trustworthiness, respect, responsibility, fairness, caring and citizenship.

Thanks to the Kiwanis Club of Glenview-Northbrook for donating monetary awards for the winners.

See the winning entries online at ccglenview.org.

CHARACTER COUNTS! in Glenview 2016 Poster/Video Contest winners

Chosen winners were:

Kindergarten – Second Grades

- 1st: Irene Kim, Lyon School
- 2nd: Naomi Chiang, Willowbrook School
- 3rd: Eden Bodary, Our Lady of Perpetual Help School

Third – Fifth Grades

- 1st: Sophia Santos, Willowbrook School
- 2nd: Kate Maher, Our Lady of Perpetual Help School
- 3rd: Titian Sherwin, Wescott School

Sixth – Eighth Grades

- 1st: Branden Chi, Maple School
- 2nd: Leilani Lim, St. Catherine Labouré School
- 3rd: Darshan Kommanapalli, Maple School
